## **Certificate of constancy of performance, 0843-CPR-0426**

In compliance with the Regulation 305/2011/EU of the European Parliament and of the Council of 9 March 2011 (the Construction Products Regulation or CPR), this certificate applies to the construction product

### **Würth Putty Sealant**

**Penetration Seal Classified for use in flexible walls**

A flexible pad used to reinstate the fire resistance performance of wall constructions where they have been provided with apertures for the penetration of pipes into socket boxes, on both sides of the wall. is supplied precut to size with a peel off strip to both faces to prevent it from bonding materials other than for the desired application. The Würth Putty Sealant is installed by removing the peelable strips and wrapping the pad around the socket box where it penetrates the face of the wall and covering the back face of the box (at the end of the pipe).
